RE: Permit #1985
Scott's Use of the Public Pavilion at Jack London Square 2012 Report

Dear Ms. Klein:

In accordance with the above referenced permit, we are writing to report on Scott's Seafood's usage of the Public Pavilion at Jack London Square in 2012.

As you are aware, for the last several years, we have not received regular information from Scott's who, under the permit, is to provide a schedule of private events to be held in the pavilion on a quarterly basis. Scott's has failed to provide these schedules in spite of numerous verbal and written requests. Further, even if we did receive the quarterly schedules as the permit requires, the schedules would be obsolete as soon as they are submitted since Scott's continues to book reservations on a daily basis, which is the nature of their business.

Unfortunately, without cooperation from Scott's, it is effectively impossible to report accurately or properly under the language of the permit. However, in an effort to comply with the permit reporting requirements, we have instructed our security officers to track Scott's usage of the pavilion by noting times and dates of when the tent structure is in place and when events are in progress. Sometimes we are able to note the type of event but in some cases, as you will see in the reports, the tent structure is in place and no event is happening, or, we have been unable to identify the specific nature of the event.

Per the attached schedules, we can report that events were held on 78 days: 49 were specific, named events (e.g. a couple's wedding, etc.) and 29 of these events were not able to be identified. Additionally, there were 104 days when the tent flaps were down but it was unclear whether event activity was occurring inside. On November 30, 2012 the tent was set up and was installed through the end of the year and into 2013 with events happening occasionally.

In summary, it appears that Scott's has violated provisions of the permit including:

1. Exceeding the number of private events allowed under the permit;
2. Exceeding the number of consecutive days that the area is allowed to be used;
3. Exceeding the number of hours before and after events that the tent can be in place; and
4. Failing to provide schedules of events in advance.

Please let me know if you have any questions or require further information. Thank you very much.

Sincerely,
